

Module	Video Production 2
Course code	BAJH-VP2
Credits	10
Allocation of marks	25% Production bundle
	5% In class presentation
	70% Project

Intended Module Learning Outcomes

On successful completion of this module, the learner will be able to:

1. Evaluate the suitability of the project idea for their intended target audience.
2. Resolve issues in project research and planning and develop contingency plans
3. Determine appropriate production techniques & approaches to storytelling for individual projects
4. Propose and execute solutions to practical filming & editing problems
5. Produce a 5-7 min video with high production values
6. Consider legal issues in production and how they apply in practice.

Module Objectives

Each participant makes a 5-7 documentary item on a subject of their choosing, which they originate, research film the project and edit. During the production process they acquire specialized knowledge of the use of video production equipment and produce and deliver to schedule an edited video documentary
