Course Overview

Global Power Politics is a specialized, theoretical course that contributes to the development of comprehensive communication skills and management and development. It involves analyzing various emerging powers in the international system, providing an overview of the most significant aspects of the foreign policy of major global powers. Topics covered include cases of international politics where different powers interact. The creditable product of the course is a research report on a specific topic related to the course.

Professional and/or General Competencies						
Major/Program	Acronym/ Name of the competency	Level of the Competency	Expected Learning Outcomes			
INTERNATIONAL RELATIONS	CG1: Integrated Communication	N3 Develops written academic texts and generates oral communications using the appropriate rules of Spanish, sources, and suitable resources, in which they express their critical judgment on certain specific academic, professional, or social situations to contribute to the	 Analyzes, interprets, and produces texts applying Spanish language norms according to the requested external structures. Communicates orally, in writing, and non-

balance of power that could lead to international order, developing critic		
Learning Activities	Contents	Evidence
Analyzes the potential changes in the balance of power that could lead to the emergence of a new international order. Reviews the course content. Develops the report and presentation of the Final Project (Creditable Product) on the CANVAS platform. Participates in the course review. Completes the Final Exam.	The Next World Order – International Law. Course Content Final Project Final Exam.	-Evaluation of the Final Exam (Creditable Product)Evaluation of the Final Test (Oral Presentation of the Creditable Product).

Methodology

The course will be developed based on the following methodologies: Aprendizaje participativo, The course will be developed based on the following methodologies: Problem-Based Learning, Case Study, DHIN Strategy: Skills Development for Research, Scientific Method in the Classroom, Investigative Method, Participatory Learning, Flipped Classroom, Case Studies, Role Play, Gamification, Debate Simulation. The course will be conducted in person. This course will lead students to develop new ideas and knowledge through the collective construction of common knowledge and the promotion of the development of personal, interpersonal, and social competencies.

Assessment System

Each of the items of the evaluation scheme and the final grade of the course are rounded to whole numbers. The final grade of the course is the weighted average of the corresponding items: permanent evaluation, partial exam and final exam.

The averages calculated components of the item 'Permanent Evaluation' will keep your calculation with 2 decimals.

Type Evaluation	%Weighing	Observation	Week Assessment	Rezag.
Evaluación Permanente	70 %			
Participación en clase	35%	Active and continuous participation in classes throughout the course is considered.	Semana 15	No
Promedio de Prácticas	40 %			
Práctica 1		Exam. The lowest-scoring practice is removed.	Semana 4	No
Práctica 2		Exam. The lowest-scoring practice is removed.	Semana 7	No
Práctica 3		Exam. The lowest-scoring practice is removed.	Semana 10	No
Práctica 4		Exam. The lowest-scoring practice is removed.	Semana 13	No
Prueba Final	25%	Written or oral, as defined by the instructor.	Semana 16	No
Evaluación Final	30%	Accredited Product	Semana 16	No

Attendance Policy

Total Percentage Absences Permitted

30%

Class attendance is mandatory. The student who reaches or exceeds the limit of thirty percent (30%) of absences in the course, defined by the total of effective hours, will be disqualified from taking the final evaluation, corresponding to said evaluation with a grade of zero (0).

In hybrid classrooms, only synchronous virtual participation (via zoom) is allowed, up to a maximum of 50% of the total course.
