METHODOLOGY

The aim of the classes is both linguistic and cultural learning. A structured grammar, exercises, games, reading texts, role play and study teamwork are the main components of our classes.

1. Learning in the classroom

Material: a textbook that students must acquire and is working on the core competencies of language study:

Textbook: Ed Edelsa, ECO1, student book, workbook and CD.

In addition, the center will provide:

- Supplementary material in class: activities, games, readings, etc.
- Use of the audiovisual material from the center to work with interactive resources, film, music, presentations, etc.

2. Immersion and practice

Students join a tutorial focused on Medical or Business Spanish (1 hour per week.) These activities are intended to facilitate linguistic immersion and provide instruction focusing on medicine or business depending on the students' interests.

EVALUATION

Student progression in the different language skills (reading comprehension, listening comprehension, writing, oral expression, interaction and mediation) is measured by:

- Tests and exams
- Performing Tasks
- Oral presentations
- Class participation

In addition, all students at the time to reach the number of hours, content and objectives for the A1 level, should take an assessment test which certifies that they reach the next level A2.
